Timpanogos Regional Hospital	577	0.9%	0.9%	* *
University Health Care	666	1.5%	1.7%	* *
Utah Valley Regional	2,694	1.9%	1.7%	* *
Veterans Administration Medical Center	551	0.9%	1.2%	* *

**All Utah hospitals had about as many deaths as expected compared to similar patients in the U.S.**

The following hospital treated at least one patient but less than 30 patients: (none)

**Statistical Rating:** based on the Exact 95% Confidence Interval test of statistical significance, except hospitals with no deaths from 2004 through 2006 have three stars.

\* \* \* Fewer deaths than expected (better)      \* \* Same as expected      \* More deaths than expected

[Click here to read Data Limitations.](#)

**Actual deaths:** percentage of patients who received care for this condition or procedure and died in this hospital.

**Expected deaths:** percentage of patients who were expected to die at this hospital if it performed the same as other U.S. hospitals that treated similar patients (age, gender, how ill the patients were).
